

# Gomer Newsflash

## The Ghost Is Here

Gomers,

Col "Jaws" Simmons, the Adversary Tactics Group Commander, opened up a competition for the next paint scheme of an Aggressor F-16 some time ago. I remember that there were many entries and some very cool ideas and from this group of entries the "Ghost" was selected. "Biff" Huffman, Association Vice President, sent this video of the "Ghost" taking shape in the Nellis AFB paint barn. We thought it would be cool to share this with everyone in a Gomer NewsFlash. Hopefully, soon we can get some video of the "Ghost" in flight!

[Click here for the video](#)

I will take this opportunity to ask you to visit the Aggressor Association website, [www.gomersrule.com](http://www.gomersrule.com) and join up if you have not already done so. Our 50th Anniversary is right over the horizon and we want to make it the best one yet.

As always,

Check 6 and Be Humble,

Mark "Dula" DuLaney
